

Ambassador in Down Syndrome Conference !!

It is not that Extra Chromosome which makes me
happy, it is because
I AM LOVED & RESPECTED MAKES ME HAPPY 😊

My extra chromosome **doesn't stop me!!**

As a **Model**, I am **elegant** too??

I am a model in one of the first biggest fashion show
for differently abled kids!!

Who says **Academics** is not my cup of tea..
This is how my dad lifted me when I cleared my Grade
10 exam !!

Nothing is IMPOSSIBLE !!!
With practice, I can **master fine motor skills** too.

No one can limit me, I am strong too !!!

Balancing is fun....
though need lot of co-ordination!!

Thank you 🙏
